B

A technical drawing of a vertical profile. At the top, a horizontal slot is indicated by a line with a width of 30 and a height of 1.50. Below this, there is a rectangular cutout. To the left of the profile, a dimension of  $\phi 8.50$  is shown with a downward arrow. To the right, two circular features are labeled  $\phi 9.50$  each, with a downward arrow between them. A horizontal slot at the bottom has a width of 4 and a height of 1.50.
